

TMS Certification Course

Singapore

15-17 November 2019

This course is held at the *Institute of Mental Health* in Singapore and targets:

- Technicians/nurses who will deliver the treatments
- Psychiatrists wanting to be certified to prescribe TMS
- Doctors wanting to learn more about TMS applications in psychiatry
- Researchers wanting an introduction to research applications of TMS

The course combines lectures and hands-on sessions and include clinical safety and procedures, depression treatment protocols, and an introduction to TMS research applications.
